The popularity of iced coffee has hit the mainstream in America thanks to the promotions run by several fast food and specialty chains. Coffee is the most popular drink world-wide with over 400 billion cups served each year. The United States is the largest coffee consuming nation in the world. Iced coffee and blended drinks generate over 3 billion dollars per year.

Cold Star has made it possible to add iced coffee to your menu with just the push of a button. No mixing or preparation is needed with this easy to use on demand system.

Product is aseptically packed • no refrigeration needed • 6 month shelf life • Kosher certified • made with 100% Columbian • NO TRANS FATS • made with non-fat dry milk • great tasting • choose from Mocha or French vanilla • available from the same dispenser.
